

Experienced Java developer (1-3 years)

Job description

We are looking for experienced Java developers to join our expanding software development team. In this role, you will help develop and design technology solutions that are scalable, relevant, and critical to our company's success, preferably with knowledge and a good understanding of AWS.

You will become part of a dynamic team working on the development, maintenance and support of business-critical ERP/WMS solutions of a major European customer. As the software solutions are 100% business critical, your role will involve regularly planned after business hours work.

Profile of the ideal candidate

The ideal candidate would have:

- a degree in Computer Science or any other discipline with minimum 1 to upto 3 years' experience in the IT field
- solid working knowledge of
 - a. JavaServer pages (JSP) and servlets
 - b. Web frameworks (e.g., Struts and Spring)
 - c. Service-oriented architecture/web services (SOAP/REST)
 - d. Web technologies like HTML, CSS, JavaScript, and JQuery
 - e. Markup languages like XML and JSON
 - f. Object-oriented programming (OOP) concepts and patterns
 - g. Abstract classes and interfaces
 - h. Constructors
 - i. File IO and serialization
 - j. Collections: lists, maps, sets
 - k. Access specifiers
 - l. Exceptions (checked and unchecked)
 - m. Generics
 - n. Java keywords: static, final, volatile, synchronized, transient, this super, etc.
 - o. Java virtual machine (JVM) and memory management
 - p. Multithreading and synchronization
 - q. Dependency injection
 - r. Advanced JavaScript Frameworks - react js or Vue js
 - s. Sprint boot/Microservices
- experience in working with international customers will be an added advantage
- good analytical and problem-solving skills
- attention to details
- no problem with working independently
- no 9 to 5 mentality and a go-getter attitude
- excellent communication skills
- an excellent spoken and written knowledge of English
- able to work with strict deadlines
- focused on getting tasks done
- the ability to work in a fast-paced environment
